EFFORTS FOR VIENNA MEET ARE BLOCKED

Russian Boycott Foils U. S. Attempt for Immediate Conference on Danube Navigation
REFUSES TO BE PRESENT

Lake Success, N. Y.—(P)—A threatened Russian boycott appeared today to have blocked U. S. efforts to force an immediate conference in Vienna on the question of free navigation on the Danube River.

U. S. Delegate John G. Winant pushed a resolution through the United Nations Economic and Social Council in the closing hours of its three-week session late last night calling for such a conference before Nov. 1, but Russia served notice she would not attend.

Two other Danubian states, Yugoslavia and Czechoslovakia, also opposed the U. S. move, indicating they also would refuse to attend the proposed conference.

Dr. Andrija Stampar of Yugoslavia, council chairman, raised a technical point, which might even prevent any action being taken to call the meeting. He said that under the rules of the U. N. no international conference could be called without prior consultation with the states to be invited.

He said the U. S. resolution, approved by a scant margin of 8 to 3, with five other abstaining, would be turned over to Secretary-General Trygve Lie to take action "according to the rules."

Since Russia, Yugoslavia and Czechoslovakia are the only states involved besides the members of the control council in Austria and the enemy states of Hungary, Romania and Bulgaria, which would not be eligible to participate, there seemed little possibility of a meeting.

The U. S. proposal was acted upon along with other resolutions connected with Danube shipping. The council defeated resolutions in which Yugoslavia and Czechoslovakia asked that it call on the United States to release Yugoslav and Czechoslovak vessels held on the upper Danube. It also refused to vote on a similar resolution in which Greece asked for aid in recovering Greek vessels from Russia.

Peace On Picket Line

(NEA Telephoto)
Told by authorities that there would be no arrests and no interference as long as they kept moving, strikers at Metro-Goldwyn-Mayer studios in Culver City, Calif., organized this parade before the entrance, when 280 strikers joined the march. The men wore part of their service uniforms without insignia. Deputies stood by and even saluted when faced with strikers' flags.

Pittsburgh's Crippling Strike May Continue Another Week

Pittsburgh, Oct. 4.—(P)—This steel city's crippling power strike—longest in the nation's history—went into its 11th day today and the key federal mediator said it may continue for another week.

"This case is the toughest I've ever had," commented the mediator, Attorney William N. Margolis, of New York.

Negotiations were deadlocked and the lone development was the possibility of resumption of street car service.

About 2,700 AFL-street car motormen, idle almost a week in a "protective walkout," were to vote today on whether to crash picket lines set up by a striking independent power union.

Return to work of the trolley operators would end one of the most severe transportation tieups in the city's history and alleviate the effects of a strike of 3,600 Duquesne Light Co. employees in its 11th day.

The street car men voted last Saturday against returning to work as long as the power picket lines remained intact. As the strike continued to drag on day after day, with no sign of settlement in sight, high-ranking AFL officials, both inside the street car union and out, urged a return to work.

The AFL-Pittsburgh Central Labor union, representing 175,000 workers, warned the Independent Association of Employees of the Duquesne Light Co. it would "tolerate no interference with its members."

Meanwhile, the strike-harassed (Turn to Page Thirteen)

SEVEN DIE IN MARCUS HOOK REFINERY FIRE

Flames Rage Through Sun Oil Co. Aviation Gasoline Plant, Causing \$300,000 Loss

MANY CRITICALLY HURT

Marcus Hook, Oct. 4.—(P)—Seven persons were killed and upwards of 140 others injured by fire and thunderous explosions which roared through a unit of Sun Oil Company's \$13,000,000 aviation gasoline refinery seven hours before subsiding early today.

Sun Vice President Arthur E. Few Jr., estimated damage to the world's largest alkylation plant at \$300,000. He said "a packing gland which failed, caused gas to escape, and flash," touching off the series of explosions felt 20 miles away in Philadelphia.

Boiling up in huge clouds of smoke lit by darting tongues of flame, the fire swept unchecked for four hours after the first blast at 6:10 p. m. yesterday. It was then brought under control but was not extinguished until this morning.

Many of the injured were volunteer firemen and the heaviest casualty toll occurred when flames, racing out of a pump room, reached a 125-foot fractionating tower. It went up with a roar, the shock rocking the countryside for miles.

All of the deaths occurred at hospital here and in nearby Chester. Many others of the 69 admitted to hospitals were reported in critical condition.

Scores of company employees and firemen injured in the blaze were treated at nearby hospitals and released but 40 were hospitalized at Crozer hospital, 27 in Chester hospital and two in Delaware hospital in Wilmington, Del.

Meanwhile tankers loading and unloading gasoline at the company's wharves along the Delaware river quickly pulled away to escape flying sparks that threatened to touch off their cargoes.

Shortly after the initial blast, this Delaware river industrial community of 4,000, all available fire fighting equipment was summoned from nearby cities. Flames fed by the high-octane gasoline spread to the base of a 125-foot fractionating tower causing it to collapse, spraying flaming gasoline over fire fighters.

The fire was visible for a distance of 30 miles and residents of Wilmington, Del., 15 miles south of here, said the explosion shook homes in that section.

Ambulances rushed the injured to Chester, and Wilmington, Del., where hospital facilities were taxed to handle the victims. Emergency cots were set up in the hallways and blood plasma was rushed from nearby blood banks to supplement hospital supplies.

Schacht and Fritzsche Refused Permit to Enter British Zone

Dreamboat Roaring Over Arctic to Cairo

Honolulu, Oct. 4.—(P)—The Pacsun Dreamboat thundered down the runway today and took off at 5:51 a. m. (11:21 a. m. EST) on its 10,300-mile flight over the Arctic regions to Cairo.

Carrying the heaviest load ever lifted by a plane, the B-29 rose slowly into the sky after about a 7,800-foot run and headed out across the Pacific.

The great ship's load totaled 148,400 pounds.

Col. C. S. Irvine, commanding the fleet, and his crew relaxed then, confident of success as the plane climbed higher.

"All the boys are feeling fine about the trip," Irvine said. "We are confident we can make it in about 41 hours."

Truman Calls On Attlee To Open Palestine At Once To European Jewish Immigrants

Washington, Oct. 4.—(P)—President Truman called on Prime Minister Attlee of Britain today to open Palestine immediately to Jewish immigrants from Europe—without waiting any longer for a British-Jewish-Arab settlement of Palestine's future.

In a public Yom Kippur Day statement released here, the text of which was cabled to Attlee, Mr. Truman also endorsed the Jewish agency plan for creation of a Jewish state in an "adequate area" of the Holy Land which Britain and many of Mr. Truman's own advisers have been supporting.

He reaffirmed his support of the earliest possible immigration of 100,000 Jews into Palestine, but urged that "substantial immigration" should begin at once before winter brings new suffering to the masses of Jewish homeless in Europe. In this projected endeavor he promised American assistance in the form of shipping and other economic aids.

The president thus divided the Palestine problem into two parts: immediate and long range. He evidently abandoned the British thesis that some overall settlement must be worked out before any substantial number of Jewish immigrants could be permitted.

Candidacy Of Rice Is Backed By Shroyer

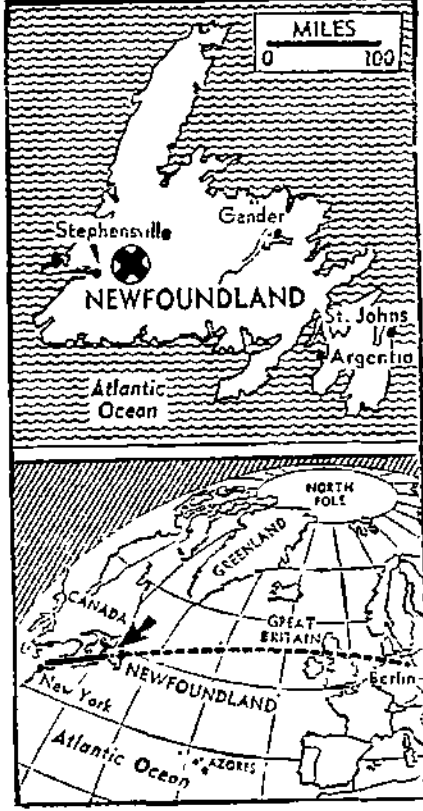

Harrisburg, Oct. 4.—(P)—John U. Shroyer's backing of Col. John S. Rice's Democratic candidacy for governor brought a retort of "political Judas" today from Republican State Chairman M. Harvey Taylor while Rice applauded Shroyer's support in what he termed the fight against the C. O. P. nomination for governor at the May primary, came out for Rice in a radio speech last night as "the only consistent step I can take."

Taylor, commenting on Shroyer's stand in a statement issued through Republican state headquarters, termed Shroyer, former secretary of highways, "Governor Martin's Judas" whose sudden conversion to the Democratic party definitely runs counter to his professed loyalties to the Republican party.

Democratic State Chairman J. Warren Mickle said in a statement Shroyer's stand "emphasizes the fact that thousands of independent Republicans are supporting the Democratic ticket this year" and added he welcomed the support of Republicans "who make their political decisions on the basis of public welfare, rather than partisanship."

Shroyer did not mention any other Democratic candidates in his talk but at one point said he was "unable to support the straight Republican ticket this fall."

Airliner Crashes

Launch Probe Into Cause Of Plane Crash

By HOWARD COWAN
Gander, Nfld., Oct. 4.—(P)—Aviation officials were at a loss today to explain the crash of a Berlin-bound American Overseas Airlines plane in which 39 persons lost their lives yesterday in the Newfoundland wilderness.

A board of investigators from the Civil Aeronautics Administration awaited the arrival of a U. S. coast guard helicopter in which they planned to visit the scene of the crash, which occurred about 10 minutes after the doomed plane took off from "harmon field near Stephenville. The disaster was the worst in commercial airlines history.

A rescue party of U. S. army personnel and a doctor, who rushed to the scene soon after the crash occurred, reported that all 31 passengers and eight crew members were burned beyond recognition. The passengers included six children ranging from three months to 11 years old and their mothers. Nine of the 12 women aboard were on route to join their husbands—most of them with occupation troops abroad.

The four engine DC-4 crashed and burned about 12 miles from Harmon field, where it had made an emergency landing due to bad weather at Gander airport, sprawling international air terminal on the other side of the island.

The giant sky-crasher, which began its journey from New York, had landed at Harmon Field at 3 p. m. Wednesday to refuel and give the crew a 12-hour rest. Under normal weather conditions it would have refueled at Gander airport, but the base was closed in by rain and fog.

In addition to promising aid in getting Jews from Europe to Palestine, Mr. Truman also reaffirmed his intention to ask congress—meeting next January—to "liberalize" American immigration to allow entrance of thousands of additional displaced persons.

Yom Kippur, starting at sundown today, is the Jewish sacred day of atonement, supposedly dating back to Moses. Its annual observance on the tenth day of the seventh month is marked by the custom of fasting, and elaborate ceremonies of supplication.

Mr. Truman's statement reviewed proposals of the British government and the Jewish agency looking for a permanent solution of the Palestine problem.

Pennsylvanian May Be New Legion Head

San Francisco, Oct. 4.—(P)—American Legion dissatisfaction with government handling of veterans' affairs, aggravated by personal exchanges between Veterans' Administrator Omar N. Bradley and Legion Commander John Steele, was still a bitter issue today as the organization came to the final sessions of its annual convention.

Stelle yesterday repeated his charge that Bradley had "broken faith" with the veterans and demanded congress be convened immediately to amend the veterans' training bill.

In Palo Alto, Bradley said only that if the \$200 a month ceiling by the Veterans' Administration "on-the-job training" (crux of the immediate dispute between Bradley and Stelle) is found to be too low, "we will recommend that it be raised."

The most important item on today's schedule was election of new Legion officers, with Paul H. Griffith of Pennsylvania apparently slated to take over as national commander.

The Legion rejected three proposals for a World War II bonds veterans feeling that this is not the time for demanding any bonus. The convention favored immediate redemption in cash of the enlisted men's terminal leave bonds.

Miners Debate Making New Wage Demand

Atlantic City, N. J., Oct. 4.—(P)—The United Mine Workers convention came to its major task today—determining whether to make new wage demands on the government and the coal operators now, and if so, how much.

A scale committee which worked late into the night weeding out some 1,200 resolutions on wage and contract proposals was driving to make some recommendation to the miners' 39th convention.

The government is operating the bituminous coal mines, since last May 22 during the 59-day strike, but negotiations for a return of the pits to private owners were recessed until after this convention.

All but the powerful southern group of operators displayed a readiness to make virtually the same terms with John L. Lewis' union as the government had signed May 29 to end the strike.

The 2,800 delegates also were to determine before leaving this resort city what terms Lewis should seek from either the government—if it continues to operate the soft coal mines—or the operators.

In either case, the wage demands would be a second round request which the government thus far has tried to discourage.

Churchill Renews United Europe Plea

Blackpool, Eng., Oct. 4.—(P)—Winston Churchill renewed today his call for a United States of Europe, declaring "all the burden" of restoring world peace "should not be thrown upon the United States of America."

"Why should we not also have a 'United States of Europe'?" the former prime minister asked in a speech after receiving the freedom of the city of Blackpool.

"Why should this continent be a mangled victim and dependent for support upon the generosity of other lands?"

"The United States of America has definitely declared itself as abandoning the policy of isolation and of watching vigilantly, and standing aloof, in the guidance and restoration of Europe and the peace of the world."

"All that has to be done is that 250,000,000 people have to wake up one morning and say we wish to be happy, free and prosperous, and will only give our votes to the political parties who will vote for a United States of Europe."

Printer Strike In Erie Now Settled

Erie, Oct. 4.—(P)—Printers for three Erie newspapers, on strike since Tuesday, made peace with the publishers and returned to their jobs last night.

The Dispatch-Herald and the Daily Times resume publication this afternoon, the Erie Morning Sun tomorrow.

The nearly 100 members of the International Typographical Union who walked out in a demand for \$2 an hour signed a new contract for \$1.76. The formerly received \$1.50.

The contract also provides \$3 a week extra compensation for night workers, plus extra vacation time and holidays.

Oldfield Dies Of A Heart Attack

Beverly Hills, Calif., Oct. 4.—(P)—Barney Oldfield, former famous automobile racing driver, died of a heart attack at his home here today. He was 68 last January.

His wife, Mrs. Bessie Oldfield, found him dead in bed this morning. She reported he was alive and apparently well, when she arose and left the room to get the morning paper. When she returned a few minutes later, she was unable to arouse him.

The former speed driver complained yesterday, friends said, of a pain in the back of his neck, but refused to have a doctor called, saying he would visit his physician today.

Nationwide Pact Is Demand of Miners

Atlantic City, Oct. 4.—(P)—Twenty-eight hundred shouting delegates to the United Mine Workers convention refused today to make anything less than a nationwide contract with soft coal operators, and authorized a policy committee to determine new wage demands.

A majority of bituminous operators had indicated a willingness to accept the contract under which the miners now are working for the government.

John H. Lewis, president of the (UMW) had said earlier that the decision on whether to come to terms with part of the industry would be left to the convention.

The miners adjourned their 39th convention immediately after the contract policy matter was settled.

3 ACQUITTED STILL IN JAIL AT NUERNBERG

Freed Nazi Leaders Fear Treatment They May Receive at Hands of Bavarians

Nuernberg, Oct. 4.—(P)—U. S. army authorities said today the British had declined to permit Hjalmar Schacht and Hans Fritzsche, acquitted of war crimes by the international military tribunal, to enter the British occupation zone of Germany.

Lt. Gen. Lucius Clay, deputy American military governor, announced that the French had rejected the plea of Nazi diplomat Franz von Papen, the third of the acquitted German war leaders, to settle in the French zone.

The three acquitted men still were in the Nuernberg Palace of Justice jail, hopefully awaiting safe conduct out of the American zone. They were told attorneys and army officers might receive at the hands of the Bavarians around Nuernberg, who want to try them under denazification laws.

Col. B. C. Andrus, security officer, said he was anxious to get rid of his "star boarders," but would keep them in his custody pending a decision at a higher level.

Guam, Oct. 4.—(P)—Three Japanese militarists were condemned today to die on the gallows for cannibalism—a crime so heinous it is covered by no rule of war. The three—a general, a navy captain, and a major—listened unblinkingly as a U. S. military commission ordered them to die for eating the roasted bodies of two U. S. airmen downed on Chichi Jima late in the war. The other defendants, convicted of taking some part in the executions, were given sentences ranging from five years to life imprisonment. One defendant was acquitted.

Meanwhile, attorneys for three additional Nazi war leaders and for the SS (Elite Guard) filed appeals from their convictions with the Allied Control Council. Appeals on behalf of six of the 19 men convicted Tuesday now were before the council.

Appeals were filed for Hitler's private deputy, Rudolf Hess, who was sentenced to life imprisonment for Hans Frank, Hitler's gauleiter in Poland, and Jew-baiter Julius Streicher, both condemned to hang.

Already on file were appeals for Wilhelm Frick, "protector" of Bohemia and Moravia. Nazi philosopher Alfred Rosenberg and deputy Fuehrer Martin Bormann, all sentenced to hang. Bormann was tried in absentia. All appeals must be decided by the Council by 3:45 p. m. tomorrow.

In Berlin U. S. army headquarters said the three acquitted men would be given time to mull over their dilemma and make new requests. It was added that if the requests were acceptable, the men would be given safe conduct to the borders of the occupation.

Former Agent For Blue Cross Suicide

Hollidaysburg, Oct. 4.—Dr. Daniel Replegle, Blair county coroner, said Dean R. Butterbaugh, former agent for the Blue Cross Hospitalization plan, was found dead in his automobile on a lonely road near here yesterday, apparently the victim of carbon monoxide poisoning.

Dr. Replegle said a rubber tube had been connected to the car's exhaust pipe. The tube ran to a crack in a window of the car, which otherwise was tightly closed. The motor was still running. Butterbaugh was slumped over the wheel.

Butterbaugh, a 47-year-old state highway department worker, was well known through western Pennsylvania as a result of his work in introducing the Blue Cross plan. Dr. Replegle said he had been in poor health for some time.

Publishers Hear Stirring Talk Delivered By Sen. Saltonstall

Harrisburg, Oct. 4.—(P)—U. S. Sen. Leverett Saltonstall (R-Mass.) predicted today the world's peace-makers will require up to five years of parleys "to obtain a lasting peace."

"We cannot expect the peace to be won overnight but we must have a consistent policy that will not be dictated to us by any nation anywhere on the earth," he declared without mentioning a specific country.

The Massachusetts senator called upon newspaper publishers "to work for a peace with justice" in a prepared address at the open session of the 22nd annual convention of the Pennsylvania Newspaper Publishers' Association.

Saltonstall, reciting his experiences while inspecting the Nazi death camps at Buchenwald and Dachau and watching the atomic bomb tests at Bikini, said they left him convinced the American citizenry has "grave international and national duties to perform if we are going to win the peace and maintain the safety and security of our country for the boys and girls of today, the mothers and fathers of the children tomorrow."

In another talk, William K. Urich, Clearfield publisher and PEN-PA promotion chairman, called for "a constructive program of newspaper promotion in the schools" in order "to train our future citizens into full appreciation of the press."

Such promotions, he averred, can include tours of the plant, newspaper-awarded scholarships, trophies for athletic teams, speeches delivered by staff members at school gatherings, displays and "many other plans."

Letters to the Editor

Editor Times-Mirror:

The ample supply of hamburger which the Warren Field and Stream Club had available at the Elmer Hotel for the Field Day September 15th resulted in some jesting regarding the source of the meat. Some of the innocent jesters suggested that inasmuch as hamburger had disappeared from the market the hamburger must have been made from venison.

Unfortunately this jesting has now reached a rumor stage which is pleasant and unfair to several of the Food Committee, as well as definitely untrue. The men being mentioned are among Warren's finest sportsmen and the Warren Field and Stream Club's hardest workers.

The fact is that the food committee for the field day was far sighted enough to acquire their hamburger long before the field day and quick-freeze it so as to be sure to have it for this event. And it was 100% prime beef.

Offers humor at library. Romance, melody and satire run riot in Samuel Goldwyn's lavish Technicolor comedy extravaganza for RKO Radio release. "The Kid From Brooklyn," starring Danny Kaye in the role of a mild-mannered milkman who becomes a pugilist in a colorful romp through training camps, a dairy route and the marble halls of the elite.

Kaye and Virginia Mayo supply romance. They fall in love while Kaye is delivering milk to her apartment. After he quite accidentally becomes a pugilist, fame goes to his head and he becomes an unbearable show-off, much to the girl's disgust. How he is brought to his senses is one of the hilarious high spots in the film.

Melody is provided by Miss Mayo and dancing by Vera-Ellen, supported by the Goldwyn Girls. Jule Styne and Sammy Cahn wrote the music, and it includes rhythm songs, torch and novelty ballads. An outstanding number is "Hey, What's Your Name?" sung by Vera-Ellen. It's about a girl on a blind date to meet a boy wearing a straw hat and red boutonniere, and who finds sixteen identical boys waiting for her at the typing place. Miss Mayo sings "You're the Cause of It All," a torch song, and also "I Like an Old-Fashioned Song," to which Vera-Ellen dances in a garden party setting.

Gordon Rites Will Be Held Here Monday

Services in memory of Lee ("Stubby") Gordon, formerly of this city, whose death occurred on Thursday morning at Cleveland will be held from the Templeton Funeral Home Monday afternoon at two o'clock, with the Rev. Harold Knappenberger, of Grace church, officiating. Interment will be in Oakland cemetery. The remains will arrive in Warren Sunday morning and will be removed to the funeral home, where friends may call from two to five and seven to nine and from ten to twelve Monday morning.

News of the sudden passing of Mr. Gordon was learned with deep sorrow by a host of friends in this community, where he spent most of his life until his accomplishments as a musician took him to larger fields of activity. He is survived by his wife, Margaret; a son, Charles; two daughters, Beverly and Margaret, all of Cleveland. Also surviving are his mother, Mrs. Nora Gordon, 100 Jefferson street; a sister, Mrs. Louis Mathis, and two aunts, Mrs. Rowena Mathis and Mrs. Lulu Gordon, of this city.

Mission Will Terminate On Sunday Night

The week-long Preaching Mission, which has been held in First Presbyterian church, with Dr. H. H. McConnell and Dr. A. H. Heinz as guest preacher and music director, will come to an end with the 7:30 p. m. service on Sunday.

Dr. McConnell will preach on the subject, "The Mind of Christ." Dr. Heinz will lead the congregational singing, the Presbyterian choir will have a special anthem and Mrs. Everett Borg will sing the post-benediction prayer.

This Preaching Mission has been an effort on the part of the Protestant churches of Warren to make Protestantism conscious of its worldwide relationship in Christendom and its mission to world needs, as well as to prepare Warren protestants for World-wide Communion Sunday, which is being observed October 6 in nearly every protestant church in the community.

Doctors McConnell and Heinz have given this enterprise great impetus during the week. This evening the former will speak on "Loving Jesus."

Real Artist Heads Bill At Outing Club

It is with considerable pride that Frank Williams of the Outing Club entertainment committee announces that the floor show this weekend will be headed by Ted Gonzales. He has played the club on one previous occasion and every effort was made then to hold him, but booking interfered with that. So he has been booked in for this week. Possessed of a magnificent baritone voice, he sings and acts as master of ceremonies. Gonzales is a real hit on any bill.

Other acts on the bill are the Two Byrons, rhythm dancers, whose routines are out of the ordinary; Jean O'Day, who has been featured over the nation as the Radium Girl, due to her wonderful costuming, will complete the bill. She is a clever dancer and will undoubtedly win the crowd.

LeRoy Johnson's orchestra will furnish music for the dancing.

As usual, the Moose Club, Veterans, Town Barn, Polish Club at Pittsfield and others will hold dancing parties. The Eagles will continue their dances every Saturday night and they are attended by large crowds. Recreation Center will have their usual round and square dances Friday and Saturday evenings. Ford Winner's band furnish the music and big crowds are attending.

The weekend in Warren and vicinity gives all who so desire an opportunity to enjoy good fun, with plenty of music and dancing.

Pan Fish Are Put In River Near Warren

Calico bass and bullheads have been placed during the past week in the Allegheny river both above and below Warren. The fish were brought here in a state hatchery truck and local sportsmen assisted in the planting of the fish. There were 10,000 fish in the shipment and a part of them were placed above Warren and about half that number below Warren.

Next week a shipment of bass is expected for the river and it is confidently hoped that wall-eyed pike from Pymatuning Lake will also be brought here. Sportsmen are endeavoring to get a large number of the walleyed pike which formerly were to be found in large numbers in the river. Bass will also be stocked in the Conewango creek and a number have

HIRE THE HANDICAPPED—IT'S GOOD BUSINESS

Above the slogan of the United States Employment Service, Department of Labor, for National Employ the Physically Handicapped Week, October 6-12, which is set aside annually by Act of Congress and Presidential Proclamation.

Opposing discrimination against any group of workers, Secretary of Labor L. B. Schwellenbach declared that: "I wish to plead particularly against discrimination on the basis of a physical handicap—whether such handicap results from war service, industrial accident, or any other cause. Unfortunately all too many have prejudices against those not physically perfect."

"Industrial management," he said, "has learned in recent years that the handicapped are good members of the productive force. Within their physical limits, they are safe, efficient, and steady workers."

"Organized labor," said Robert C. Goodwin, director of USES, "will be interested in this annual week for two reasons. Employment of handicapped persons who are capable of being employed in jobs which fit their skills, experience and abilities is necessary if there is to be full employment. With employment at a peak, the services of handicapped persons of every race, creed, color and national origin are needed to minimize current shortages and maintain full production."

"Many of the handicapped are members of organized labor, especially veterans of World War I and World War II."

Mr. Goodwin said that USES has the facilities to counsel, select and refer disabled veterans and other impaired workers to employers. USES, he said, can assist both management and labor through referral of qualified workers for jobs and in some cases for accredited apprenticeship programs. But USES, he said, cannot bring jobs and impaired workers together unless employers list their employment needs with USES. For this reason, during October 6-12, USES is asking all employers to place actual job orders for handicapped persons with its 1,300 local offices which blanket the country.

"If employers list the jobs we can refer more than 225,000 disabled veterans and approximately 75,000 other handicapped civilians who are now listed on USES rolls," said Mr. Goodwin. "We think it's good business for employers to hire the handicapped."

WHY LEAVES CHANGE COLOR

There used to be some fanciful stories about why leaves change color in the fall. The Indians had a tall tale about the spirit sportsmen having a great hunt up in the sky.

It seems there was an annual chase after the great bear and when they tracked down and slew the bear, his blood dripped down and painted the leaves red. Then when they cooked him, the yellow fat boiled over, caused the brighter shades of the leaves.

Even today, most of us think in terms of Jack Frost. Well, in most cases Jack Frost has very little to do with the job. Here's what happens:

All summer the leaves have been making food for the trees. The roots have sent water and food material from the soil up the trunks and out the limbs to the leaves. The leaves are full of a digestive fluid called Chlorophyll. This Chlorophyll contains millions of little green globules which give the leaves their coloring.

All summer, activated by the sun's rays, this Chlorophyll is combining carbon, taken from the air, with hydrogen, oxygen and various minerals in the water which the roots suck up. It is manufacturing a cap which goes to make new growth rings of wood and material for bark and other leaves.

When cool weather comes this leaf work slows down. The last of the food goes to the tree, and the digestive juices then down to a watery substance in which left over sugars and bits of minerals remain to give the leaves their brilliant colors.

Jack Frost may come along at the end to give a final punch; but Mother Nature started her preparations for winter weeks before Jack Frost was strong enough to give her any help. And she'll do it again next year, and the year after, come frost or no frost.

In planning your weekend driving, remember that pleasure driving with some motorists simply means one hang-up after another.

Won't be long now until you'll be able to get home before the ice cream melts.

Won't be long now until the amateur goes out with his shotgun—and gets a real high on it.

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1926 It was decided in a meeting of the town council last night that a red and green signal beacon for traffic safety at the corner of Market street and Pennsylvania avenue.

The statue of General Joseph Warren, in the General Joseph Warren Park, is in need of a new coat of paint. The effects of the weather are beginning to show on the "General" as well as on the iron gate at the base of the entire statue.

This morning employees of the Penn Public Service Corporation began the stringing of the trolley wires on Liberty street, preparatory to the resuming of the trolley service, after several weeks of having the car depot on the corner of Third avenue and Liberty street.

Dr. R. S. Gibb is in Jamestown the first three days of the week take a course in crown and bridge work, given by Dr. Irvin Ahe, of the Royal College of Toronto.

The Warren Red Jackets will have a tough battle on their hands Sunday next, when the eleven will journey to Erie to stack up against the Erie Indians, a team which is being built up from former college and high school stars.

In 1936 The many friends of Harry Benter, employee of the Times-Mirror who recently submitted to two major operations at the W. C. A. hospital at Jamestown, will be pleased to learn that he is getting along nicely and is now able to receive visitors.

Frankie Russo went to Jamestown the other night to see the boxing matches and was introduced to the fight promoter, hoping that he could get a place on the bill at a later date. A preliminary was needed so Frankie did not have to wait. Only a late comeback gave the Jamestown, Red Johnson, the edge of the decision but most local fans are still of the opinion that Russo held a slight edge.

The Titusville Rockets met the Warren gladiators on the Warren field Saturday afternoon and whitewashed them 19-0 for the third defeat in a row for the locals, a passing attack being the cause of the locals downfall.

Mrs. Oscar Granquist left this morning for Philadelphia where she will attend a missionary conference of the Methodist Episcopal church.

Chapter 3

MARTIN flagged down a taxi in Seventh Avenue and rode with Barbara to a midtown garage where he rented a small sedan. He drove across the Queensboro Bridge and along the North Shore of Long Island.

"I thought," Barbara said, as the miles fled past them, "the idea was to let ourselves be seen. Who will see us out here in the wilderness?"

"A lot of people," he told her. "I know a country club in Nassau County that features wine, women and song till sunrise for the favored few who can't stop playing when respectable joints close. I'm allowed in because I worked on the story of a Wall Streeter whose wife shot him when he took another woman there, and I didn't dwell on the wide-open character of the place as much as some of the other reporters did."

"Tell me you haven't got a wife."

"I haven't. I've made plenty of mistakes, but the biggest and best ones are still ahead of me."

The Sound-of-the-Sea, which was the name of the country club, was less riotous than Martin's description had led Barbara to expect, and she said so with a sigh of relief. Twenty-odd couples talked and drank at tables or danced to the strains of a maddening orchestra in a wide, low-ceilinged room, painted white and hung with crimson draperies. Between dances a tall girl sang nostalgic ballads and operatic arias indiscriminately in a fair contralto. No one was unreasonably drunk, and it was possible to carry on a conversation without shouting.

A man named Brummage was the manager; he remembered Martin and was happy to meet

"Miss Smith." He placed them at a table comfortably far from the orchestra, and they ordered a passable supper and danced.

IT WAS 5 o'clock when they left the club, and 6 when they finished breakfast in a pullman lunch car in Flushing. They hardly spoke, crossing the bridge in a chill haze that rose from the East River, for the thought of Richard Searle had grown steadily larger and more ominous as they neared Manhattan.

They were headed up Third Avenue toward Barbara's home in East 79th Street when she asked, "What now? Is there anything else we should do together?"

"Yes," he said gruffly, resenting the arrival of morning. "We should forget all about each other, unless the police start asking you leading questions or someone happens that forces me to mention your name. None of the people who saw us last night knows who you are. Maybe the cops will believe that I picked up a girl in a ginmill and lost her later, and don't know a thing about her except that she called herself Mary Smith. I'd still have other witnesses for my alibi."

"I appreciate your trying to let me off so lightly."

"As long as I'm convinced you were an innocent bystander, why shouldn't I?"

He brooded, hunched over the wheel, seeing only the steel pillars of the elevated fling swiftly past.

She stiffened suddenly and cried, "Look out, Martin!" He twisted the wheel and threw his weight on the brake pedal, too late to avoid the big sports convertible charging out of 65th Street through a red light. A screech of tires ended in a discordant crash as the convertible

struck his left front wheel, swerved, and nosed against a mail box standard on the corner. Singing there, stunned by the shock of the collision, he saw a young man topple slowly sideways in the other car.

"Are you all right, Barbara?" he asked anxiously, as she bent down, reaching with a trembling hand for her purse, which had fallen to the floor.

She straightened. "Yes. Just startled... This changes our plans, doesn't it? Won't we have to make statements to the police, and all that?"

He was taking the sealed envelope containing Morrissey's and Clarabelle Messmer's letters from his pocket, thankful that he had thought of it right away. He did not want the police to find those documents if they arrested him in connection with this accident, or because of what had happened to Searle. For want of a better place to hide the envelope, he lifted a corner of the carpet that covered the floorboards and slid it out of sight, while Barbara watched.

"I'll talk to the police," he said, leaning across Barbara to open the door on her side, because the one beside him was jammed.

"You hurry over to Lexington Avenue and take a cab straight home, and don't say a word to anybody till I telephone you later." He gave her a gentle push. "Hurry."

She got out and hesitated, as if she had something to say; but Martin brushed past her to the roadster. When he looked up, she was across Third Avenue and walking fast.

He had not yet made up his mind whether the young man in the roadster was dead or only unconscious when a prowl car pulled up and two policemen took over the situation.

Chapter 3

THE Homicide Squad caught up with Martin at the East 67th Street police station, where he had been taken to give his version of the accident.

As far as that inconvenient matter was concerned, Martin apparently had nothing to worry about.

So far so good, Martin thought wearily.

Then the teletype bulletin came spluttering in from headquarters directing all personnel to be on the lookout for Martin. King wanted for immediate questioning. It gave a complete description of Martin and bore the signature of Lieutenant Harry Cloud.

Anyway, Martin reflected as he rode in a prowl car with two patrolmen toward the Manhattan Homicide Squad offices in West 20th Street, he was glad it was Harry Cloud's case, not only had Cloud gone out of his way to be friendly and cooperative with him in the course of more than one homicide investigation, but he was highly regarded by reporters and fellow detectives alike as a master of the difficult art of discovering and interpreting clues, penetrating subterfuges, and ferreting out the obscure motives that shape human behavior. He had a generous amount of imagination, patience, and, best of all, honesty. Innocent or guilty, a man could be sure of getting a square deal from him.

The effect of Cloud's arrival was anti-climactic. Martin's fears had mounted until he was beginning to feel like a prisoner already convicted and condemned when the detective walked in as casually as if nothing unusual had happened. He gave Martin a faint but friendly smile.

"Good morning, King," Cloud lowered himself into one of the chairs and hoisted his feet into another.

Corsetry Expert In Free Lecture Here October 10

The local Sears Roebuck order office has planned an event of unusual interest to women of the community next week, a visit by Marion Lamont, who has had years of experience in the field of corsetry and will come here on Thursday, Friday and Saturday. In addition, she is giving a free lecture at two o'clock Thursday afternoon in the Columbia theatre, to which all women interested are invited. Her talk will be on modern corsetry and will be titled "Eliminating the Mysteries of Corsetry". She will discuss figure problems and the correct way of determining one's own individual type.

The two following days, she will spend in the Sears order office at 316 Second avenue, where all are invited to drop in and discuss individual problems, secure measurements and receive advice on correct types of corsets and brassieres.

Miss Lamont has traveled extensively and has had many years of experience in this field. She has contacts with the leading manufacturers as well as the important markets in corsetry and brassieres. Her information, therefore, will be up to the minute and sound.

She will be assisted by local members of the Sears order office.

Chief Whitefeather Will Begin Series

A series of gospel services conducted by Chief Whitefeather will begin at Calvary Baptist church at 7:45 p. m. Wednesday, October 9, and will continue over Sunday, October 20.

Chief Whitefeather is no stranger to Warren, having appeared at Calvary church last fall in a series of meetings, and in an organ recital at a Youth for Christ service. He also delivered three lectures on Indian life at the Beatty school.

An added feature in his program this year will be musical numbers played upon bells.

During the past year, his story has appeared in several national religious magazines telling of his life in a grand opera both in New York City and abroad; his miraculous return to health; and his present work in religious circles. The public is invited to all the services, and is urged to watch for further announcements.

McKillop-Dorrance Rites September 23

Mr. and Mrs. Earl V. Dorrance, 10 West Fifth avenue, announce the marriage of their daughter, Joyce, to Richard L. McKillop, son of Mr. and Mrs. Harold McKillop, Starbuck.

The ceremony was performed in the Lutheran church at Jamestown, N. Y., on Monday, September 23. Rev. Emmett Ecklund officiating. The bride was graduated from Warren High School this past June and is employed by the New Process Company.

McKillop served 20 months in the U. S. Navy and is employed by Struthers-Wells.

PAK Hiking Club To Enjoy Another Trek

PAK's Hiking Club will venture forth again on Sunday afternoon to enjoy the autumn woods and the fun of hiking. Perry McDannel, leader, states this hike will be between three and four miles long, with very little rugged going. As usual, he plans to go over the route beforehand to note points of interest to be passed on to the hikers.

Transportation to the starting point will be by bus, tickets for which may be secured from the committee as follows: Margy Hanna, Tom Hampson, Dora Mesner, Betsi Conaway, Charles Sires, Barb Cochran, Shirley Johnson, Bob McDannel or Wendell Peterson. The bus will leave promptly at two o'clock.

With PAK Choir rehearsals and Sunday evening services scheduled to start on October 13th, future hikes will be arranged on holidays or Saturdays. Mr. McDannel states that the best hiking season is just beginning and looks forward to a number of pleasant excursions with PAK members.

Over the Counter

Seems strange to go into the public library and miss the pleasant greeting of Olive Archibald Huff, who resigned on October 1 after serving on the staff for more than 15 years. Her work there has touched upon many phases of the library's service to its membership and the public: as head of the readers' advisory and reference departments; in charge of publicity and public relations work, and displays, since 1931; as young people's advisor, in charge of work with high and Beatty school students, and their selection of books; as teacher of the public library's apprentice class. She has handled the Memorial Book Plan at the library since its institution, and served as a member of the management committee which administered library affairs during the war years. Besides all this, she has found time to be helpful in many other ways, and will be greatly missed by library-users. She states she has not definitely decided upon her plans for the future. The Northwestern Section of the Pennsylvania State Education Association is holding its annual educators' conference at Strong Vincent High School in Erie on Friday, October 18, with an expected attendance of 2,000 teachers, principals, supervisors and superintendents representing Erie, Crawford, Warren, Venango and Forest counties. Among those serving on the public relations committee for the conference are Alice Anderson and Archie Hunter, Warren, and H. G. Seigworth, Tonawanda. Principal speakers will be two nationally-known educators, Dr. Ernest Melby, of New York University, and Dr. Harold E. Clark, of Columbia University, whose addresses will deal with curriculum needs of school communities in Pennsylvania and methods of increasing importance of the teaching profession. An Associated Press dispatch from Altoona says the Pennsylvania DAR, concluding its 50th annual convention, deferred election of officers until February because of "press of other business." Mrs. William W. Campbell, New Castle, was western district representative on the nominating committee named by State Regent Mrs. Benjamin R. Williams, of Butler.

Full Schedule of PAK Activities To Get Under Way In Very Near Future

Members of PAK will be receiving a new folder within the next few days setting forth the objectives for this year and giving a complete outline of the program and leadership.

This year, PAK will be sponsored by three of Warren's churches, First Presbyterian, Trinity Memorial Episcopal and First Methodist, and, as a result, will broaden and extend its program, adding several new directors to its adult leadership.

This leadership, and its responsibilities, is as follows: Music, Mrs. Robert Beatty; drama, Mrs. Brackett Ayers; dances and parties, Mr. and Mrs. Richard Smith, Mr. and Mrs. Harry Lewis; Hiking Club, Perry McDannel; "Pater PAK's" paper, Ralph Sires; special activities, Carl Hull and Miss Margaret Stach.

The above activities will be available to members at large, and, in addition, monthly or semi-monthly activities by age groups, will be conducted under the following leadership: Club "17", high school seniors, Mr. and Mrs. Ralph Sires, Mr. and Mrs. Perry McDannel; "Preps", sophomores and juniors, Mr. and Mrs. O. C. Tritt, Mr. and Mrs. P. L. Plummer, Mr. and Mrs. Alvin Babcock; "Green Caps", eighth grade and freshmen, Mrs. Harold Ansell, Jay White and William Taylor, Jr.

Sunday evening services will start on October 13, with choir rehearsal at five supper at 6:15, and the service at 6:45. Services will be held in turn at the sponsoring churches: Presbyterian, Episcopal and Methodist. Suppers at the respective churches will be in charge of committees headed by Mrs. Basil White, Mrs. Russell Elliott and Mrs. W. B. Black. Ministers of these churches, Revs. Harold C. Warren, Beecher M. Rutledge and Wayne Furman, will be in close touch with the program at all times. In addition, secretaries of the churches, Mrs. Marion Davis, Sybil McCrea and Marie Gutzler, will assist in clerical work required. Brackett Ayers is treasurer.

Special events for the year, tentatively planned, will include a Thanksgiving dinner party, with

an outstanding speaker; Christmas caroling, always a favorite with PAK; a New Year's Musical Tea, and a concert in February which Mrs. Beatty hopes will be even better than last year's outstanding success. Formation of a boys' double quartet is planned. In addition to continuation of the girls' sextet, so popular last winter, a Lenten Emphasis Program and several other items not sufficiently developed for mention at this time are being considered.

While PAK is a program for young people, and by young people, directors feel very fortunate in having so many adults give of their time and abilities to make outstanding programs possible for members. At a meeting held a short time ago, these leaders went carefully over the objectives and details of the program to assure the fullest possible benefit to young people, and to encourage attitudes expressed in PAK's motto, "The Other Fellow."

Mail Orders May Be Sent Monday For October Play Everything Is Set For Community Party On Saturday

Mildred Schorman, box office manager for the Warren Players, announces that beginning Monday, October 7, mail orders will be received for seat reservations for "My Sister Eileen", which is to be presented October 17-18.

Mrs. Schorman points out that her committee invariably experiences a last minute rush for reservations and that each delay means a less desirable selection of seats. In view of the enthusiastic predictions about the popularity of "My Sister Eileen", Mrs. Schorman and her committee anticipate even more of a rush than usual.

They, therefore, urge all members of the Players to make reservations at once by mail. The orders should be mailed to The Warren Players, Box 563, and should include membership cards and a self-addressed return envelope. Care should also be taken to specify the night of the play for which reservations are desired.

"My Sister Eileen" is a public production, which means that non-members can purchase individual admissions when the box office opens. However, the selection of seats will be limited by that time and such admissions are considerably more expensive than membership in the organization. For this reason, the Players encourage the purchase of season memberships by application to Box 563.

Lutheran Women Studying Budget

An Associated Press dispatch from Johnstown reveals the Women's Missionary Society of the United Lutheran Church in America today studied a proposed budget of \$514,780 to cover the organization's work during the years 1947 to 1949. The 600 delegates attending the society's triennial convention will vote later on the budget committee's report.

The group elected Mrs. C. W. Baker, Jr., Duquesne, as its president, succeeding Mrs. Orville Sarsden of New York. Mrs. H. S. Bechtold of Chicago, former statistical secretary, was named vice president.

About 1,000 had been expected to attend the convention, which was originally set for Pittsburgh but was moved to Johnstown because of the strike in Pittsburgh.

Attendance is not expected to run above 800 but even that number put a severe strain on the city's housing and food accommodations. Hundreds are being accommodated in homes but some delegates found themselves forced to sleep in hotel lobbies because all rooms were taken.

HONOR SISTER AT SHOWER PARTY

Mrs. Edwin Morris and Mrs. Ralph Olson, of Starbuck, were hostesses for a shower party at the home of the latter to honor their sister, Dorothy Smith, who will be an October bride. The evening was spent playing games, with prizes going to Dorothy Smith, Mrs. George Keller, Mrs. Arthur McCain and Mrs. Howard Flick.

The honored guest was then given a small heart-shaped booklet which revealed by its pages clues to the hiding places of many lovely gifts. At a late hour refreshments were served to the above-mentioned guests and the following: Mrs. Charles Smith, Mrs. Lee Bowser, Pauline Smith, Mrs. Henry Highhouse, Mrs. George Hartman, Mrs. Edward Honhart, Mrs. Earl Walker, Mrs. Edward Mason, Mrs. Ray McIntosh, Mrs. Albert Sidon, Mrs. Harold Sigworth, Mrs. Calvin Buerkle, Mrs. Lewis Ladner, Mrs. Robert Smith, Mrs. Mary Alice Mahood, Mrs. Louis Newark, Mrs. Ben Huckabone.

The table where the gifts were placed was decorated with streamers and a centerpiece of gold-lavender flowers. The buffet itself was a pretty setting, with white streamers flowing to the four corners, two tall white candles at each end and a large cake with miniature bride figures as the centerpiece. The couple cut their cake in a candlelight ceremony.

After a three course lunch had been served to forty-some guests, the newlyweds were showered with lovely gifts. Mr. and Mrs. Blystone were formerly from Union City. The bride is the former Miss Betty Price, of that place. Mr. Blystone is now employed at Garland and they are residing at Pittsfield.

Miss Hanks has just completed 25 years of service as principal of the high school in Lima. She gave a most interesting picture of the customs and progress of these peoples with whom she has been working, and displayed some very lovely pieces of their handcraft in the form of lace, silver filigree jewelry and bright woolen scarves.

At the conclusion of Miss Hanks' talk, the group adjourned to the social rooms for refreshments served by Mrs. Dorothy Nelson and Mrs. Myrna Loomis, with their committees.

SEE FOR YOURSELF Britain's Post-War Headaches

AMERICA'S RECONVERSION TO PEACE MAY BE PAINFUL, BUT IT IS FAR LESS SO THAN BATTERED BRITAIN'S...

HOUSING IS SO SHORT, THAT THOUSANDS OF SOLDIERS HAVE MOVED INTO GOVERNMENT AND PRIVATE PROPERTY. HOUSE-BUILDING, NEEDED MORE DESPERATELY THAN IN THE U.S., MOVES SLOWLY.

FOOD RATIONS - INCLUDING BREAD - ARE SLIMMER THAN IN 1945. MEALS ARE SCANTY AND MONOTONOUS. COUPONS STILL ARE NEEDED TO BUY CLOTHING.

MANY OF BRITAIN'S MANUFACTURES ARE BEING SHIPPED ABROAD TO BUILD UP FOREIGN TRADE. BRITONS MUST DO WITHOUT.

IN AN EFFORT TO GET THE GOVERNMENT ON ITS FEET INDIVIDUALS MUST TURN BACK 45 PERCENT OF THEIR PAY IN INCOME TAXES. THEY HAVE HAD FEW RAISES AND ARE WORKING LONGER AND HARDER.

THERE HAVE BEEN FEW STRIKES, HOWEVER. THE LABOR GOVERNMENT, WITH 'CRADLE TO GRAVE' SOCIAL SECURITY PROGRAM, HAS FOUGHT DISCONTENT AND PROMISING BETTER DAYS TO COME.

What are the wise ones waiting for?

For One Thing—This! Fresh new styling that clearly says "1946." The sheer good looks of long low lines, full sweeping fenders, solid, uncluttered appearance in every line and contour.

For Another Thing—This! A big straight-eight Fireball engine, made silky-smooth with Accurite - finished cylinders and brilliantly able to hold its own on any highway.

For Another Thing—This! The matchlessly soft cradling of gentle coil springs on all four wheels — springs that float you like a breeze over cobbles and bumps.

For Another Thing—This! The word for it is "handling" — meaning the deft lightness of wheel and brake and gear-shift that makes every trip truly a pleasure trip. You have to experience it to know it — but it's what makes a Buick salesman out of every new Buick owner.

In a Word—The Best Buick Yet! You can buy one at OPA ceiling price—with or without a car to trade in. And the great Buick factories are turning them out as fast as they can get materials. So put your name on our list and get one headed your way.

WHAT OTHER CAR HAS SO MUCH THAT CLICKS FOR FORTY-SIX!

- SMARTNESS** — that sets the style pattern with car-length Airfoil fenders and bolt-on rear wheel shields.
- POWER** — from a Buick Fireball valve-in-head straight-eight engine.
- OIL SAVINGS** — from non-scuffing Accurite cylinder bores.
- FLASHING ACTION** — of Filteweight pistons.
- STEADINESS** — from full-length torque-tube drive in a sealed chassis.
- GLIDING RIDE** — from Pantharqait all-coil springing.
- COMFORT** — of soft Foamlex cushions in roomy Body by Fisher.
- SURE FOOTING** — of Broadrim wheels.
- CONTROL** — through Permi-firm steering.
- CONVENIENCE** — of high-leverage Step-On parking brake.
- PROTECTION** — of Buick-originated fender-shielding front and rear bumpers.

Dragons Leave For Dubois; Jackets Play Eldridge Sun.

Beavers Lose One Letterman For Tonight's Game There; Kickoff Will Be at 8 O'clock

The Warren High Dragons left at 1:00 o'clock this afternoon for Dubois where they will meet the strong DuBois Beavers at Dubois, the kick-off being at 8:00. The bus was packed to capacity with the players and team officials.

Eddie Hochrein, DuBois head coach and a Navy veteran who served under the Gene Tunney Physical Fitness Program, will put on the field a team that will be tough to contend with. Hochrein was allstate halfback in Teachers' College selections in 1938-40, starring three years at Lock Haven Teachers College. Hochrein coached at Portage, Pa., before going in the Navy. He is a Portage native.

Grove City's lone score against the Beavers came through the air last week and Eddie has been drilling his club steadily in skill practice as well as on the field in skyline defense as well as setting a strong aerial offense. These precautions will no doubt cram Dave Bevevino's style in tonight's game.

DuBois has four lettermen back this year, Charles Merritt, Bert Federick, Eddie Waddell, and Selman. You will notice that Selman's name does not appear in the probable lineups for he will not play because of a Jewish holiday.

The probable line-ups follow:

Warren	DuBois
Lane	LE Anthony
White	LT Smith
Schmiedel	LG Montgomery
Hale	C Moore
Morrison	RG Waddell
Decker	RT Merritt
Kuhre	RE Johnson
Duckett	QB Pauls
Fischer	LH Skunda
Lopez	RB Federick
Leonard	FB Guido

Subs: DuBois—Gorton, Fuller, Cart, Finger, Seyler, Ford, Shober, Dillman; Warren—Bevevino, Shattuck, Kleshauser, Sherman, Amacher.

The Beavers have a record of 7 won, 2 lost and one tied for last year against the Dragons 7 won, 4 lost, and 1 tied. DuBois' 1946 record to date is two wins and two losses, their wins coming from Clearfield (32-0) and Grove City (14-6) while their losses, being real setbacks came from Bradford (44-0) and Aliquippa (26-0).

The Dragons will have only two lettermen in action of the four last year's letter winners, Frank Shanshala being kept out of action because of some pulled back muscles and Ed Wollaston, who is acting student manager, is out of action because of a knee operation. Elmer Dutches will still be out of play because of his injured shoulder. Bevevino, Ralph Fischer

and Ted Shattuck will probably be in in the Warren backfield quite a bit tonight in the spots vacated by Shanshala and Dutches.

Dave Lane, about the only Warren player that was outstanding in the Warren-Youngsville game, has been back in action quite a while after his injury received in that game and will bear watching, for Dave can really snatch those passes out from under their noses and will probably be doing it quite often.

'CAT' BREECHEN WHIFFS TWO WITH BASES LOADED IN LAST OF NINTH WITH ONLY 1 OUT

By JACK HAND

Enroute to St. Louis, Oct. 4. (AP)—Eddie Dyer's St. Louis Cardinals are counting on the momentum of two playoff victories over the Brooklyn Dodgers to send them winging into the World Series with the Boston Red Sox Sunday as very healthy 7 to 20 underdogs.

Instead of a bedraggled flock of Redbirds, drooping after a 156-game schedule that included the first tie in Major League history, the revived National League champs remain completely unwarmed by the gentlemen from Boston.

With the chips down in a short series, the Cardinals proved against Brooklyn they can play like the team most of the experts picked last spring to breeze to the pennant.

After Howie Pollet won the play-off opener in St. Louis Tuesday, Aubrey Dickson, a converted Redfer, showed the Brooks something yesterday in the final 8-4 victory at Ebbets Field.

From the first inning when Brooklyn made two hits count for an early run, until the ninth when they drove him to cover in a rousing three-run uprising, Dickson held the home club without a smell of a hit, allowing only one ball to be hit to the outfield.

The ever-faithful Dodger crowd, 31,427 strong, was walking out on the "Burns" when they crashed through with their desperate closing surge. Augie Galan's double, Ed Stevens' triple, Carl Furillo's single, a wild pitch and a walk to Pee Wee Reese forced Dyer to derrick "Dix" and wave on Harry (The Cat) Breechen.

Breechen yielded a hit to Bruce Edwards that made the score 8-4 and then walked pinch hitter Cookie Lavagetto to load the bases and bring the tying run to the plate in the person of dangerous Ed Stanky.

"The Cat" left Stanky looking at a third called strike and whiffed pinch hitter Howie Schultz with a screw ball on a 3-2 pitch to nail down the pennant.

Up to the ninth inning, the Dodgers didn't look as though they belonged on the same field with the Cards who drove started Joe Hatten to cover in a three-run fifth inning attack after combining him for two runs and the lead on triples by Erv Dusak and Dickson in the second inning.

Dyer, winning a pennant in his first year in the big leagues, squeezed home a run in the seventh on two walks and two sacrifice bunts.

Well-known Book End Egad! My crystal ball became overheated handling the volume of games on Saturday so the forecasts may be fractionally erratic as a point—har-rumph!

Everybody is playing everybody else. Even Harvard has come out for a tussle on the greensward with dear old Tufts. There is just a chance the Crimson may find it Tufts sledding, too—Haw!

North Tonawanda Pros Are Loaded With Vets; Have Big Win Record Over Warrenites

Loaded down with ex-GIs the Eldridge Club, North Tonawanda, will present a roster composed entirely of World War II veterans when they parade onto Russell Field Sunday for the engagement with the Red Jackets. Kick-off is scheduled for 2:30.

Anxious for another practice session before Sunday's important game Red Jacket officials have announced that lights have been erected on Beatty Field, and the boys will polish up with a lengthy session tonight under the stars.

Certain to see action Sunday, in addition to players who have been with the team all set on, are former are Warney Check and Bill Graham, who both played their first 1946 game at Erie Wednesday.

Tonawanda, winner of every previous game with the Jackets, is again coached by Gabe Lasky, who expresses himself quite pleased with Tonawanda's chances for another win over Warren as he feels that he again has a team superior to any eleven in the district.

The rousing spirit so characteristic of Eldridge teams in the past will be sparked by Pepper Loo, their ace end. Joe DeLaune will do the ball-handling in plays from the complicated T formation with Alex Paul available for power plays. To round out the backfield, Lasky will probably use Frank DePaolo and Cameron Slattery.

Other ball carriers on the Tonawanda team include Bunny Luther and Ziggag Jaszczak, who, according to a press notice, have been lugging the ball in a way that makes them live up to their nicknames.

In the visitors' line will be found the two mainstays from the 1941 Tonawanda club, George, "The Bull" Swiston, who was the sensation at center that year, and Emil Valliquette, the massive left tackle.

With the World Series starting Sunday arrangements have been made to keep the football fans at the game posted, with the scoring and all highlights as they occur.

News of the St. Louis-Boston opening game will be announced over the loud speaker, the same public address system that was so satisfactory last Sunday.

On the home front Coaches Whisner and Rosequist were well pleased with the performance of the locals against Erie, and both are in hopes that the Jackets will be "up" in Sunday's battle so that part of the slug administered in previous years will be wiped out.

Announcing PRIORITY RIGHTS FOR DISABLED VETERANS*

on the purchase of
specially equipped
New Oldsmobiles

America's disabled war veterans can get the specially equipped cars they need so badly, without undue delay.

Oldsmobile offers a Priority Purchase Plan, which entitles any qualified veteran* to priority rights on the delivery of his specially equipped Oldsmobile. By "specially equipped" we mean equipped with Hydra-Matic Drive and "Valiant" driving controls. This combination makes it possible for the great majority of veterans to drive in spite of their disabilities.

"Valiant" driving controls were developed in cooperation with Army and Navy Hospitals. They have been widely used in rehabilitation programs in all parts of the country, in teaching handicapped veterans to drive.

As a result, many disabled veterans have already learned to operate cars with "Valiant" controls. Many more are learning every day. And it is to help provide these war heroes with the transportation they need that Oldsmobile announces its special Priority Delivery Plan.

We will be glad to furnish complete information about "Valiant" driving controls, and accept new-car orders from qualified* veterans.

COUNCIL MEETS MONDAY
The regular meeting of the Town Council will be held next Monday evening. The meeting promises much of interest as there are a number of important matters to come before the members. It is expected that a resolution will be introduced by which a new roadway will be built from Beach street to Spring street. Spring street at the present time has no safe outlet and the fire department cannot get to many of the houses on the street. The resolution will call for the condemnation of some property and will have to pass two sessions of Council and then a day of 10 days will take place during which appeals from the condemnation proceedings can be filed. It is hoped by property owners of that section that the work can be done this year before heavy snows come.

Industrial Committee Lining Up Plans for Chest Campaign

H. W. Conarro, general chairman of the Warren Community Chest Campaign, has received a report from Chester S. Allen that his Industrial committee is ready to begin its work and has planned to have its initial meeting this afternoon to outline its plans.

This committee has the responsibility of calling on all the larger plants in Warren to get the operation of the corporations in not only contributing as companies but to set up machinery which will function in each plant, under a company chairman, and give every executive and employee the opportunity of taking part in Warren's One for Nine Campaign. Although the public campaign will not begin until October 21, a great deal of the expected success of the campaign will depend on the results of the industrial-committee's work.

In making his report, Mr. Allen

stated that he felt confident of success as the men who have joined with him did not with the full knowledge that the Nine Agencies of the Chest must be supported and it was better to campaign for all of them at one time than to have many separate campaigns.

The members of Mr. Allen's committee are—L. S. Brumagim, H. W. Conarro, C. J. Cray, E. W. Johnson, D. H. Mowell, E. G. Gaeber, D. E. Conway, J. E. Creal, E. C. Walker, T. L. Armstrong, E. S. Knabenshue, E. H. Ley, B. V. Lesser, P. E. Harrington, D. N. Elmquist, H. C. Olson, H. R. Lewis, N. D. Paterson.

Mr. Conarro also reports that the other divisions of the campaign's organization are rapidly filling their ranks and he has every confidence that the goal of \$45,000 will be forthcoming during the campaign which will take place from October 21 to October 25 inclusive.

Sheffield Civic Association Is Incorporated Organization

Sheffield, Oct. 2—Incorporation proceedings were completed last Sunday night at a meeting of the directors held in the bank building. Final details of this legal maneuver were ironed out at the meeting under the direction of Donald Marvin, board member and solicitor for the Association.

In addition, the grass is green for the newly seeded area has sprouted and green grass is very noticeable. However, in reverting to standard time, we have lost those valuable evening hours during which so much work on the area was accomplished. Accordingly, directors are anticipating and hoping for another large turnout of students this coming Saturday morning. Word is to be passed thru the school system asking for aid of students in clearing the already seeded area of stones. It is felt that students will respond

few weeks ago when they were of tremendous help in clearing off the stones.

Ice skaters are asked to be prepared to aid in the leveling off of the park on the tennis court area the latter part of this week or there will be no ice skating this winter. Equipment for completing the side-walked this week. Ice skaters can aid in the manual labor on the tennis courts so that it will be possible to flood that part of the park this winter to provide skating facilities for those who enjoy this fine cold weather sport. However, volunteers are not confined to students and ice skaters, for every one who cares to help will be welcomed. Since little can be accomplished on the evenings, most of the work will have to be done on Saturday morning and it is hoped that a large turnout will be on hand at that time.

It was disappointing to notice that some one had ridden their horse over the seeded area and it is hoped that a small fence will stop this practice. Horse owners are requested to discontinue using the area for riding purposes.

Friday night continues to draw crowds, but lately there have been many empty seats at the games. Patrons are asked to bring their friends and enjoy an exciting evening of games every Tuesday night. You will find the games in progress in the basement of the Sheffield Sweet Shoppe building.

Last week 34 workers put in a total of 130 hours labor on the playground, during which time the biggest part of the area is now seeded no heavy equipment can be used on the seeded ground. Volunteers will have to use baskets to carry off stones, and it is hoped that bicycles, horses, cars and other vehicles will stay off the area and give the grass a chance to grow.

Donations continue to come in slowly but the fund was increased by \$50.00 this week with the different organizations of the Bethany Lutheran church made a contribution of that amount. Directors are encouraged by the support the different churches of town have given this program.

Some time in October there will be a town meeting at which time the public will be given full information of the financial and physical progress made thus far on the Veterans Memorial park.

LIFE TERM FOR BOY FOR SLAYING WOMAN

Doylestown, Oct. 4.—(P)—Aar-shelton, Jr., 15, faced a life term in prison today for the rape slaying of Mrs. Gladys Shelton, a killing which Judge Hiram H. Keller termed "the most vicious and brutal in the history of Bucks county."

"At no time should commutation (of the life sentence) be considered or granted," Judge Keller said in passing sentence yesterday on the youth who changed his plea from innocent to guilty after two days of trial.
